WHAT TO EXPECT

I start taking photos of guests as they arrive. They socialize while I draw. I am able to illustrate ~forty individual people over a five hour period (~fifteen min per two person portrait). The illustrations that are not completed by the end will be mailed to individuals.

GUEST EXPERIENCE

In order to ensure as many guests as possible leave with their keepsake in hand, I ask you to help encourage guests to have their photo taken as soon as they arrive to cocktail hour. Additionally, each illustration is limited to two people max and one illustration per person.
